

I just wanted to take this opportunity to tell you how much I appreciate my XM Radio service. I listen to the music channels on a daily basis, and the weather channels have proven beneficial as well. I have recently been traveling a lot, and the traffic reports for the major cities have saved me a lot of traffic jam time. So I urge you to reject NAB's petition 04-160. I believe that XM should be able to provide whatever services they choose. So please consider my opinion in your judgement. Thank you
